

## In the Realm of Women

By PENELOPE

(From Evening Edition)

Mr. Oliver Hunt leaves shortly for the old country.

Mrs. George Durrand has left for a few weeks' visit in Winnipeg.

Mile. Cauchon is entertaining at the hotel on Wednesday afternoon.

Mons. and Madame Lechenin, formerly of Brussels, Belgium, have arrived in town.

Mr. and Mrs. Arthur Ghislai have returned to town and are in their flat in the Lemarchand Mansion.

Mr. and Mrs. Raymond Cauchon have taken a house at 1924 Twenty-Sixth street.

The day is excited over "the downcast," which takes place in the Blue Moon restaurant this afternoon.

Miss. Helene Archibald, who has been a guest of Mr. and Mrs. Arthur Archibald, has returned to his home in Winnipeg.

Mrs. Fitzgerald D. Myers left on Friday morning to join her uncle, Sir Lyman Melvin-Jones, with whom she is returning to Toronto.

Major Lester, Fox Osborne, Barker, and others took a train to Fort Edward and has gone out to the Fort to take part in the staff ride.

Mrs. Robertson and daughter, of another, who have been visiting Mr. and Mrs. P. T. Bernhardt, of Seventh street, returned to their home this morning.

Mr. R. W. Cauchon, Belton Lodge, has resumed her regular reception day the second and fourth Tuesdays of the month. Nov. 3. Mrs. Raymond Cauchon will receive with her.

Mrs. John Biehl, who has been visiting her daughter, Mrs. George Durrand for the past three months, has left for home in Buffalo this morning.

Mrs. Edgar Davies' pretty dressing-room was gay with callers the other afternoon, greeting herself and the other girls in the room.

The hostess was handsomely gowned in peacock green silk.

She was a picture in a smart-cut black satin toilette, met a good many old friends, who were delighted to see her.

Mrs. Norman Allin received yesterday, for the first time since her return, in her bright, cosy room on Fourth avenue, and had a great many callers. Mrs. Allin received at her entrance table, and when she had looked sweet in her wedding gown of ivory satin, with over-red of dark red roses.

The girls were beautifully dressed with white earings, the tables were centred with M. and Mme. B. C. L. and white chrysanthemums.

The hostess was the centre of attention, the tables were centred with M. and Mme. B. C. L. and white chrysanthemums.

The guests included Mr. and Mrs. G. L. Gibbons, Mr. and Mrs. C. L. Morrison, Mr. and Mrs. W. Williams, Mr. and Mrs. Frank Blackburn, Miss Harrison, Miss Tardieu, Miss Morris, Mr. and Mrs. D. Williams, Mr. McDonald and others.

Mr. Percy Blythe invited a number of their friends to say a word on Thursday night.

The hostess was gowned in solid satin, the skirt outlined in satin, bodices outlined with shadow lace, caught with a bow.

A large number of red roses interspersed with fern, centred the table.

Mrs. Morkin presided the first hour, Mrs. David Brown, Mrs. Trowbridge and Mrs. M. McDonald.

Assisting were Mrs. Williams, Miss Campbell and Miss Evans.

The hostess was Mrs. Brown, Mrs. J. D. Hyndman, Mrs. W.bridge, Mrs. Ferris, Mrs. Bishop, Mrs. Duthie, Mrs. C. L. Morrison, Mrs. M. Hardisty, Mrs. Hyndman, Mrs. Kimp, Mrs. Duthie, Mrs. C. L. Morrison, Mrs. G. L. Gibbons, Mrs. Graydon, Mrs. Cope, Mrs. Bishop, Mrs. Kenwood, Misses Morris, Mrs. Kenwood, Mrs. Womack and others.

**WELL METT MONDAY EVENING.**

At a meeting of the social class of the Women's Musical Club, held last week in the hall of the club, it was decided that the members should meet every Monday evening at eight o'clock in the hall of the club.

Admission to the meetings will be the conductor. Subscribers to the piano fund will easily find time to attend the meetings.

The members of the committee if they will send their subscriptions without further delay to the residence of the president, Mrs. D. McDonald, 11th street.

Every New Yorker for whom

a friend him has made it a point of especial pride to lug the violin and bow to the amateur house on this continent, The Hippodrome. There, on a stage two hundred feet long, the most marvelous productions which human ingenuity could devise have

been given to while away the hours for the first time in the history of "The Society Girl," which was presented some four years ago. This was the first, and, so far, the most successful and failures, a most signal success and one that ranks for an entertainment. The most popular and greatest and most talked of pieces of work attempted was probably a tank of water. The tank during the same performance skinned down a tank of water, and all the accoutrements of the Indian prince skinned down a tank of water, and all the accoutrements of the Indian prince skinned down a tank of water. The new Grocery Department, at the rear of the third floor, is now better than ever able to serve all your wants. We are headquarters for Apples this week, and have bought quite a few bushels of the finest British Columbia fruit before the price went up. The first car arrived today, so see this page tomorrow. We want to give you the lowest price possible—a price even lower than wholesale. There are about ten different varieties of the best eating Apples, and the prices will undoubtedly surprise you.

**You Might Search the Whole World to Find Better Costs**

Boys' Clothes are the products of a process of specialization. From the fabric to the finished garment they are designed strictly to meet the requirements of boys. They are meant to stand the hard wear that they are subject to, and they are meant to have style and character, something suited to boys.

When you buy Boys' Clothes you get the best that skill and honest endeavor can produce—at the same price you would pay for ordinary styles. Overcoats for Fall and Winter \$3.00 to \$18.00.

## Edmonton a Great City in the Making Says Investors' Guardian Correspondent

Asst. Commissioner of Long-Established and Conservative Financial Journal in London Reviews This City's Development in Special Article for English Financial Men's Correspondent

Henry Howard, special commissioner of the Investors' Guardian, one of the older and more conservative of London's financial journals, who visited Edmonton some weeks ago, has contributed the following article to the Englishmen's Correspondent, standing of this city and its substantial position among the cities of Canada.

On the north bank of the Saskatchewan and crossed by the approaching North Saskatchewan river still stand the old Hudson Bay Fort, constructed all together of wood, from which up till the time of the arrival of the North West Mounted Police, which controlled the vast North-West up to the shores of the Arctic Ocean, which became the Parliament House from 1866, when Edmonton became the capital of the province, forming the apex of the triangle, but in a much higher position, so that it is beyond the new railway line, and stands the new Capitol building recently erected for the Alberta Legislature.

The three buildings may well be taken as the symbols in time in which they were built. The wooden fort still stands, the fortification of the Hudson Bay Company was the sole antecedent over the sparse populations of the prairie, the apex of the triangle, containing the apex of the triangle, but in a much higher position, so that it is beyond the new railway line, and stands the new Capitol building recently erected for the Alberta Legislature.

Four years ago, the total population of Edmonton and Fort Saskatchewan, including the latter, was 2,500.

Four years later, when ownership of the town was taken over by the Hudson Bay Company, the population had increased to 4,000, and of this number of half-timers. Even in 1892, when Edmonton became the owner of its power plant, the population had increased to 5,000, and so on.

But the fine municipal spirit, which even then existed in the town, was shown when in 1893, a \$25,000 loan was taken on water and sewer construction, \$17,000 was devoted to the purchase from private citizens of the first bridge, and \$12,000 to the acquisition of the lighting plant of the Edmonton Light and Power Company.

With the incorporation of Edmonton as a city in 1894 the total population of 8,000 was increased by the construction of a new bridge, and the second bridge, which had been built by the adjacent owners, was completed, and this may be considered as a fitting finish to the second period of Edmonton's development.

A census taken in May of 1901, a year after the incorporation, showed the population of the Edmontons to be 11,000, and to name 1912 as the commencement of the third period, and it is this period with a population of 26,000 acres, and with an area of 4,600 acres, and with the anticipated growth of 7,000, that I now propose to detail for the reader the present state of the public buildings and to the soundness of its position.

No question can arise as to the soundness of Edmonton's indebtedness, had it remained at the amount of the debentures outstanding up to October 1, 1912, with the exception of the sum outstanding than paid off, \$11,972,362, or, roughly \$2,100,000, but the present position of the population had been so stupendous—over 15,000 since the last year.

The third period, then, will continue the development of the city in the same rate of progression as has been shown, and will require additional borrowing, with the result that the debenture debt of the corporation will be increased to about \$22,112,985, or, say, 4,600,000 pounds sterling.

At this point it seems logical, but to the investor every thing must depend on the manner in which the corporation is to be run. If it made no public inquiry, he would find that Edmonton was the owner of all its public buildings, and it is to consider this, its waterworks, its electric lighting installation, telephone installation, and railway, and its power plant, and the pumping of the power and for the pumping of the water supply.

The following table will show the relation between the debentures specially issued for these purposes and the debenture debt, gross December 31st, Debenture debt, gross December 31st,

# SHARE LIST OPEN FOR A FEW DAYS

Filed with the Registrar of Companies, Edmonton

## PROSPECTUS

# DAWSON'S CRYSTAL BATHS, LIMITED

AUTHORIZED CAPITAL, \$28,000.00

### BOARD OF DIRECTORS

Mr. H. A. DICKEY, Barrister, Agency Block, Edmonton

Mr. W. H. HELLER, President Norward Printing Co., 254 Gallagher Street, Edmonton

Mr. JOHN DAWSON, General Broker, 10158 Jasper, Edmonton

Mr. ARTHUR O'DONAHUE, Yellowhead Pass Coal and Coke Co., Ltd., Jasper West, Edmonton

Mr. EDWARD UNDERWOOD, A.A.A., Architect, Calshot Block, Edmonton

This company has been formed for the purpose of acquiring the lease of the basement underneath the Block known as The Crystal Bath, situated at No. 10158 Jasper Avenue, owned by John Dawson, to conduct on the business to be known as DAWSON'S CRYSTAL BATHS, LTD., which will comprise a Swimming Bath, Tab Bath, Turkish Baths, Massage Rooms, Barber Shop, Shoe Shine Parlor, Tobacco and Cigar Stand, Newspaper and Magazine Stand, etc.

The great need for baths of this description has been felt in Edmonton for a considerable time and the promoter has carefully studied every feature of the scheme before venturing to propose it.

It is readily admitted by competent judges that it will be one of the best paying propositions in the city, and large dividends are confidently looked for.

The shares are to be \$1.00 each and not less than five shares will be allotted to any applicant.

The qualification for the Directors has been fixed at \$25.00.

### Lease

The Leasehold interest which is the property of the Company will be under a lease dated the 1st day of June, 1913, and will be between the Hamilton Milne Company, Ltd., as Lessors, and William Gunn and James Stewart Roger as Lessees, for four years and eleven months from that date, at a monthly rental of \$1,000.00 per month, and an option for the Landlord, for a further term for three years from the expiration of the said lease which is promised, provided that the Landlord does not sell the land, or any part thereof, or rebuild or alter the buildings, and provided that the building, when the lease is leased in its present state, after the expiration of the present lease; the said option may be exercised by the Company notifying the Landlord at least three months before the expiration of the lease that it will enter into a new lease for a term of three years, at a monthly rental of Three Hundred Dollars (\$300.00) per month.

### Situation of the Baths

The location is considered the best that can be obtained, being right in the heart of the city, where night and day there is an ever-moving population.

### Swimming Bath

This will be one of the leading features. The size of the Swimming Bath will be 39½ feet in length and 24 feet wide. There will be hand rail fixed round the bath for safety and steps will be placed for the convenience of the bathers. The depth of the bath will be 6 feet at one end and 3 feet at the other.

There has been a great demand for a Swimming Bath, and it is expected that a large trade will be done in this department alone.

Plans may be seen at the Temporary Offices of the Company, J. Dawson & Co., 10158 Jasper Avenue. Phone 4918

### APPLICATION FORM

# DAWSON'S CRYSTAL BATHS, LIMITED

AUTHORIZED CAPITAL \$28,000.00

To the Trustee of the Dawson's Crystal Baths, Limited

Mr. Walter S. R. Wilson, 401 Agency Building, Edmonton

DEAR SIR: I BEG TO APPLY FOR ..... SHARES OF \$1.00 EACH OF THE ISSUE AS DESCRIBED IN THE PROSPECTUS ISSUED BY DAWSON'S CRYSTAL BATHS LIMITED. I UNDERTAKE TO ACCEPT THIS NUMBER OF SHARES OR ANY LESS NUMBER THAT MAY BE ALLOTTED TO ME BY THE DIRECTORS OF THE COMPANY, AND TO PAY FOR THE SAME AT THE RATE OF \$1.00 PER SHARE.

YOURS FAITHFULLY.

FULL NAME ..... OCCUPATION .....  
ADDRESS ..... DATE .....

### Incorporated under the Laws of the Province of Alberta

SOLICITORS: Messrs. Dickey, Wilson and Bury, Agency Block, Jasper East, Edmonton

BANKERS: Banque d'Halifax, Jasper Avenue West, Edmonton

TRUSTEE: Mr. Walter S. R. Wilson, Agency Block, Edmonton

AUDITORS AND ACCOUNTANTS: Messrs. Webb, Read, Hogan, Callingham & Co., Jasper Ave. West.

MANAGING DIRECTOR: Mr. John Dawson, 101 38 Jasper Avenue, Edmonton

ARCHITECT: Mr. Edward Underwood, A.A.A., 6 Chisholm Block, Edmonton

SECRETARY-TREASURER: Mr. R. P. Lefroy, 201 Empress Block, Edmonton

stores, saloons, restaurants and other public places. This will enable gentlemen to use the Plunge or Tab Bath at a reduced rate.

### Season Tickets

Season tickets for the Swimming Bath will be arranged; in fact, the management have already received promises for nearly one hundred season tickets as soon as the place is ready. This, in itself, speaks volumes for the ultimate success of the undertaking.

### School Boys

Arrangements are being made with the headmasters of the various schools with a view of securing schoolboys the use of the Swimming Bath on a certain day or days in each week at a reduced rate.

Parents of boys may rest assured that the attendants will have special instructions on the use of the bath, and the bath will be practically guaranteed. Boys may here learn the useful and noble art of swimming.

### Attendants

The attendants will be fully qualified and will be always at hand. Cleanliness will be most important in which the management will be most stringent.

### Urinals, W.C.'s, Etc.

The sanitary arrangements will be most important and no expense will be spared in this direction. None but the most up-to-date sanitary appliances will be furnished.

### Filtration

A most important feature will be the filtration of the water used throughout the Baths. From a sanitary point of view, it is essential that it be done. It has therefore been decided to have all the water used pass through a thorough process of filtration, thus enabling the management to supply pure, fresh water. Special care is being taken in this department and that all the pure clear water can be absolutely relied upon.

The following shows the estimated expenditure and revenue in operating the Baths:

### Approximate Expenses

	Per week
Rent and taxes, light and water	\$60.00
Salaries of management staff	100.00
Salaries of attendants	155.00
Telephone	1.50
Advertising	5.00
Fuel	10.00
Laundry	5.00
Total	\$351.50

### Approximate Receipts

	Per week
15 Private Baths, each used four times daily, making 64 baths per day, at 25c each, equals \$16.00 per day	\$96.00
Plunge Bath, 120 per day at 25c each	180.00
Turkish Baths, 6 a day at \$2.00 each	72.00
Massing tickets, to say \$10.00 per day	60.00
Barber shop, 25 customers per day at, say, 30c each	135.00
Tobacco and Cigars, \$5.00 per day	30.00
Newspapers and Magazines, \$1.50 per day	9.00
Show Shine Parlor, \$2.50 per day	15.00
Total	\$897.00

Per week

Receipts as above ..... \$597.00

Expenditures as above ..... 351.50

Showing a net revenue of ..... 0.00

Or \$12,216.00 per annum.

N. B.—The above figures do not include any Sunday trade that might possibly be allowed.

It will be noticed from the foregoing (which of course is approximate) that the estimate is a very conservative one.

The very position of the Baths, situated right in the center of a large and moving population, must command success and with careful management and judicious advertising the management are more than confident that large dividends may safely be looked for.

The position is absolutely the best to be had and the promoter is confident that the undertaking will meet with the approval of thousands of people who have been waiting for such a place to be erected, and no time will be lost in opening its doors to the public.

None of the directors have any interest in the promotion of the company with the exception of John Dawson, who receives, as promoter of the company, \$1,000.00 in cash and \$1,500.00 in shares; and none of the directors have any interest in any property proposed to be acquired by the company, with the exception of John Dawson, who is holder of the lease to be acquired by the company and whose services are to be retained as permanent Manager of the Company.

The estimated amount of preliminary expenses of the company does not exceed \$500.00.

The whole capital of the company will be employed in the business of the company, for alteration to premises, acquiring the lease, payment of promotion preliminary expenses, and the balance will be utilized as working capital.

## COMMISSIONERS MAY BE FIRED BY A MAJORITY VOTE

This Clause in Edmonton Charter  
Amendments Passed by  
Legislature

NO CHANGE ALLOWED IN  
IMPROVEMENT TAXATION

Two Other Radical Amendments  
Struck Out—Opposition to  
Commissioner Change

(From Evening Edition)

The Legislature on Saturday approved clauses in the Edmonton Charter amendments which would give commissioners the right to dismiss commissioners by a bare majority vote. Considerable opposition was shown to the clause by Boyle and Wilfrid O'Farley, but only three members voted against the clause.

Three other clauses referring to property damages in respect to subways, and a clause which would enable lots to subdivide at right angles to the other lots, and the retrospective clause which would give commissioners the right to dismiss commissioners and frontmen of whole lots of improvements were struck out.

With the exception of the clause stating that the commissioners should hold office at the pleasure of a majority of the council after their election, the changes were made.

He said no good reason had been given up to the present to warrant a change.

Opposition claimed that the people, and not the legislature, at the present time, that the clause would bring about changes.

I have no objection to the City of Edmonton amending the commission government if the council will come out openly and say what they are doing, and that they are doing it for the city calling itself a city with a commission government and going back to a city with a mayor.

Opposition says Mayor Quarreled.

"The man who is now mayor," said Mr. Boyle, "is the man who drew the charter and who advocated that the commission system, which was established in 1906, should be retained in the system. He worked under the charter for two years and claimed that it was a good and satisfactory system. A few years later he becomes a mayor again and becomes his father and with the other commissioners and cannot find anything against the man whereby he can be dismissed and he goes to the council and the majority of the council who will fire the man in his will, he completely changes his mind and says, even though he has previously said and acted this house to pass an amendment for the sole purpose of getting this one man out."

**Hon. C. W. Cross Supports.**

The man who drew the charter says he is not a good man, said Hon. C. W. Cross. "That is the best evidence that a change is required."

The man who is now mayor was appointed mayor in 1906 to carry out the instructions of the council, and the result was that he was appointed by the possible government. Three men on the council have been in a position to say that he was appointed by the possible government, and this clause is intended to stand."

**"Call Them Home Men."**

How many times have they called them commissioners? who now eat their hired men?

"The clause is clause of the bill which I will support," said Hon. Duncan Marshall. He favored the amendment to the charter, and under the present system the council ought to have power to dismiss the commissioners.

On a vote being taken, the clauses providing for the dismissal of the commissioners by a bare majority of the council were carried, and Hon. H. Boyle, Hon. A. G. McKay and Wilfrid O'Farley voted in favor.

**CLASSES SHOULD OUT.**

The Legislature struck out the retrospective clauses regarding levying on taxes, and the clause which would be imposed by the city in bearing part of the cost of improvements. Hon. Duncan Marshall, who moved the amendment using language respecting this clause in committee which he would not be permitted to repeat.

The clause which says owners of corner lots shall not be subdivided the same as other lots, and the clause which was excepted by the consent of the council, was also struck out. A similar clause was struck out which gave the city's right to buy lands for the purpose of securing itself against property tax. The clause was to prohibit the city from buying lands for public construction and to re-sell such lands after having eliminated the right of the city to buy them.

The uniform clauses prohibiting housing of industries was added to the bill, which was therewith passed by the Legislature.

**GERMAN PRESS CON-**  
**DEMNS UNITED STATES**  
**ATTITUDE IN MEXICO**

Newspapers State America Cannot  
Hope to Win Support of  
Germany

Berlin, Oct. 25.—The German press, almost without exception, sharply condemns the attitude of the United States government toward the Mexican revolution. The Minister of the Interior, and England, after exchanging views, both reached the opinion that conditions in Mexico have changed so greatly that they may move independently to protect their own interests.

Some revolutionists, a noted publicist, says "America's hopes that Germany share in its views are destined to disappointment, and that Germany and England will pursue the same policy is highly probable."

## LOPEZ FOUND GUILTY OF MANSLAUGHTER; SENTENCED FOR LIFE

Charge of Murder of John Fred-  
erickson Is Reduced to  
Manslaughter

PRISONER FAINTS WHILE  
GIVING HIS EVIDENCE

Swears He Shot Only After Hav-  
ing Been Attacked and  
Killing for His Life

(From Evening Edition)

Jose Lopez was sentenced to imprisonment for life for the pistol slaying in Supreme Court yesterday afternoon. The jury trying the case, in which the prisoner was charged with having murdered John Frederickson at Jasper, on July 11th, by shooting him in the head with a row of poker game, returned a verdict of manslaughter, after having been out a short time.

The trial, which kept a post-room and barber's shop at Jasper, close to the scene of the shooting, was closed by the death of Emil Frederickson, the two Fredericksons fighting with Lopez. The latter was getting the game of poker when Emil, who was away, was breaking away from the brothers.

**Saw Him Shoot.**

Frederickson saw Lopez pull out a gun and shoot his brother Frederickson. He then put the pistol in his pocket, and Emil Frederickson went on playing poker. Lopez was playing poker very close to the men when he fired the shot—within striking distance.

**Prisoner's Evidence.**

The prisoner, who gave his evidence in broken English, said that he was a native of Mexico, and had been in this country a year and a half ago from the States, where he had been born. He said he had been working for Canada and had worked on railroad construction for the G.T.R., and also for the Canadian Pacific, and in Edmonton in 1906. He gave his age as twenty years.

**Emil's Game of Poker.**

Before going to Jasper, last July, he had been working for the C.N.R. He went to Jasper on July 11th to play poker with Emil Frederickson.

While he was in the town he had met some other men and had a game of poker. Emil Frederickson, he said, was in progress when he entered the shack, and he asked if he could join the game. Emil had not been playing any of the players except Emil Frederickson. He sat down, and John Frederickson stood behind him, watching the game.

**Prisoner Faints.**

According to a witness, at the exact moment of a fainting spell, when the prisoner, who for some time had been giving signs of acute distress, had been shot in the head, he fainted and fainted. He was carried from the room, and when he awoke he was lying on the floor for twenty minutes, to allow of his recovery.

On resuming, Lopez continued his description of the game. The trouble between him and Emil had begun when the latter was about to allow the pot in which he had been playing.

**Threatened to Kill Him.**

In the course of the row in the shack Emil struck Lopez on the back, and Lopez, who was standing behind him, raised a bottle and threatened to kill him. Lopez then ran out of the room, and when he got back he found some of his money had been taken. He then got up, hit Emil, hit the bed, put it in his pocket, and left the house.

The two brothers then came after him and threw him to the ground. **Ran Away Again.**

He got up again, but they caught him and beat him back, he repeatedly said. Lopez drew his gun and called out, "I am going to kill you." He said that they were closing on him again, and fired. Then one fell, and the other, Lopez, ran out of the room, and then he heard a noise. After they had been fighting with their hands for a little while, Lopez saw Emil standing over him, holding a pistol which he threw at Lopez. A few minutes later an H.N.W.M.P. came.

Cross-examined by Mr. Cowgill, he said the reason he had for carrying the revolver was that he had been drinking, and he had been playing cards with other men. He had not been drinking, nor had he seen Emil Frederickson drinking. He had lost money in the poker game.

**LETTER TO HAVE  
HUGE MALTING PLANT**

Edmonton, Alta., Oct. 25.—After six months of negotiations with the P. H. B. Lethbridge Company, it was agreed a deal was closed with the city yesterday whereby this company will construct a large malting plant at Lethbridge. The plant is to cost \$200,000 and will include a plant for 400,000 bushels of malt annually and will include a large concrete storage elevator.

The site, which cost the company \$10,000, is in block 279, north of the station.

The new industry is intended to supply all the needs of the Lethbridge Alton Malting Co. with a capital stock of \$250,000.

Mr. Rice is merely backing up his contention that Southern Alberta barley is without peer, and the action taken by the Lethbridge Company, which here has served in the doubling of the barley acreage in the south.

## Rings

An extensive array of beautiful rings for those who desire exclusive designs.

**Rings Morning** — The making of exquisite rings is a special feature of this house. You have any unset stones that you want mounted, we may be of service to you.

## ASH BROS.

Manufacturing Jewelers

102-12 Jasper Avenue

## Around the City

**Meeting the South Dakotans** — A meeting under the auspices of the "Old Civic Government League" has been arranged for in the Oddfellows Hall, Whyte Avenue, on Tuesday evening.

**Goes to New York** — H. B. Smith of 427 1/2 10th Street, has a word of advice for those dead in New York and left for the last yesterday.

**Takes to Rochester** — The remains of Dan A. Kehely, who died in the city on Wednesday last, at the age of 21, were taken to the McLaughlin & McKinley, on Tuesday evening, at eight o'clock. Mr. Patterson is a lecturer of marked ability, and there should be a large attendance.

**Self-Made Cripples** — Rev. F. W. Patterson, of First Baptist Church, will deliver his popular lecture, "Self-Made Cripples," at the McLaughlin & McKinley Church on Tuesday evening, at eight o'clock. Mr. Patterson is a lecturer of marked ability, and there should be a large attendance.

**Great Fire** — A crowd of firemen from Great Western factory on Namayo avenue last night gave the fire brigade a run. Two small fires were started in the factory, and about twelve o'clock, to the corner of First and Clark, when some hot ashes from the fire were scattered, and a blaze at the corner of Helmstedt and Macleod.

**ST. GEORGE'S POPULAR CONCERT** — The patriotic music to be presented by St. George's Academy, under the direction of Mr. J. H. Scott, should appeal to any country folk, particularly All English and Welsh people. The money derived from the concert should assemble early. The doors of the old court room, 265 Whyte Avenue, will open at 8 p.m., and again at 10 o'clock. Members are requested to attend on time with their ladies and gentlemen. There will be no business taught, only the concert.

**MONEY PAID TO PROVINCE** — Following the order of Chief Justice Harvey for the expenses of Alberta, Saskatchewan and Manitoba, arrived in the city yesterday in the course of his annual tour of the provinces. Mr. Flinlayson has a large corps of men under his supervision who travel the lonely roads of the country. Mr. Flinlayson has many journeys to make in covering his roads, and will remain here a few days, and then proceed west to British Columbia.

**Chief Fire Ranger Here** — A. H. Flinlayson, of Ottawa, chief of the fire rangers for the provinces of Alberta, Saskatchewan and Manitoba, arrived in the city yesterday in the course of his annual tour of the provinces. Mr. Flinlayson has a large corps of men under his supervision who travel the lonely roads of the country. Mr. Flinlayson has many journeys to make in covering his roads, and will remain here a few days, and then proceed west to British Columbia.

**ALDERMAN MAY AND LIVINGSTON** — The city Saturday night from Athabasca having found out that the new water main from the Peaceful to Peaceful gas wells arranged by H. L. Williams, of a week or more in length, will be cut off, and the water will be made by snow. Those in the party are Alderman, Walsh, and Livingston, and the gas wells, besides representatives of the three daily papers. The party will drift along the river, and the gas wells will be tracked back by a party of ten Indians who are being taken along.

**Game is Scarce** — That the duck shooting season is practically at an end is evidenced by the very small number of birds taken in the city now, as compared with those of some few days ago. Although through the efforts of the game warden, it can be seen in large numbers, it is very difficult to get a shot at them, as they are scattered about the head north. According to the majority of those who have enjoyed the shooting, the season has been plentiful, and an unusually large number have been bagged. Although the Indians have shot a few chickens, they are also to be seen in large numbers, but owing to the many parts of the city where they are shot, consequently the great number of shooting, it is indeed a wary hunter who can get within reach of them.

**SOCIALISM IS NOT REMEDY** — Some of the most prominent members of the First Baptist Church yesterday afternoon, B. W. E. Darby, secretary of the Peace and Goodwill, of Great Britain, and socialism was the remedy for militarism. In Germany there was universal brotherhood, materialism, who materialism and brotherly love, and who were beginning to see that they were not the only ones who believed in abstractive theories or mere form of organization. It was an historical example of the great need of more organization of men moved deeply and enduringly, but only the German people had the need. The history of the world was the companion history of the great men of the world.

All the great military nations of the past have gone down with tears, darkness and blood. The present military leaders of the world are read the same end. It was a definite plan that reached a precipice. The world was to be destroyed by the organization of the brotherhood idea. There were two great influences in the world, two schools of thought, one from the other, one in the hand, and organized truculence on the other.

**Wise Expressing an opinion with regard to Lloyd George's land bill** — Darby said certain classes in the country had been fed up, never seen and said to be the result of the people, and the minority wanted to continue that state of things. In the same way, the people were fed up by military in much the same way, but the people as a whole were not fed up, and the majority of the other fellows "We are as good as you."

**Develop the brotherhood idea** — said the speaker, and the golden age we have dreamed of, praved for, and worked for, will come when we live one another in peaceful pursuit, and compete with one another in friendly competition. The result of the terrible and murderous business of war will come to an end forever."

**W. H. Clark**, superintendent of the H.W.N.P. with headquarters at Vegreville, is spending a few days in the city on business and is registered at the Hotel Alberta.

**Norman J. Dinnen**, of the firm of N. Dinnen & Co., in Vegreville, has come to the city to see his way to success over some work which is being done by him at the moment. Mr. Dinnen says the firm is going to profit greatly from the effects of the financial stringency and business is good there at the present time.

**W. H. Clark**, superintendent of the H.W.N.P. with headquarters at Vegreville, is spending a few days in the city on business and is registered at the Hotel Alberta.
